

A1 BeamBox Light Box

For larger drawings or collaborative design work, the A1 BeamBox is an LED light box offering the ideal solution.

With a sealed splash resistant design, edge-to-edge illumination, and low power consumption it is highly practical whilst featuring a refined design.

CLEANING & MAINTENANCE

Clean with a non-abrasive pad or damp cloth. Do not use oil based solvents or cleaning agents.

Ensure the area around the switch and power socket is kept dry.
