

The all new IQ 2490 with market leading CIS quality: Connects directly to your global network, supporting your A1/D-size digitizing needs

Do you waste precious time trying to communicate the changes made to drawings and plans to your clients and colleagues? Do you want to reduce outside scanning and copying costs but hesitate to invest in a pricey professional scanner? Now there's an easy and affordable way to scan, copy, and distribute wide-format documents, plans, drawings, and changes from wherever you work directly to your global network.

Rugged and reliable with Gigabit Ethernet, the Contex IQ 2490 24-inch wide-format scanner is easy to use and designed to fit your multi-site project workflows.

Save time and get more for your money

Work faster and save money by scanning and copying wide format drawings, plans, and technical documents right where you work. Scan changes to drawings, documents, and blueprints and e-mail to clients and colleagues instantly.

Using simple one-touch buttons you can scan directly over the network to your desk and continue working instantly.

Improve your workflow and communicate effectively

Avoid delays and save on courier and out-of-house printing expenses. This professional sheet-feed plug'n'play scanner fits with your existing software and printers. Get precise, accurate images with high 1200 DPI optical resolution and save on file space with intelligent 8-bit indexed color capture - ideal for archiving many types of files.

Also available as MFP solutions with your existing printer for easy scan-to-copy.

Scanning Speed1 (inch/sec.): Scanner speed while scanning 24-inch wide document.

Productivity¹ (documents/hour): Batch scanning for 60 minutes. Includes paper load and eject time. Measured in completed scans.

Key features

- Gigabit Ethernet with xDTR2 standard
- Scanner sharing across a network, and sending files to remote desktop
- Enhanced image quality with Contex patented CIS technology and new CIS modules.
- Superior image quality with Contex patented colorfringe removal (CFR)
- ENERGY STAR compliant, using just 1W in standby
- 1200dpi optical resolution standard
- 24" wide document handling
- All-Wheel-Drive (AWD) for a perfect grip on your documents
- See what you scan with face-up scanning
- One-touch scanning

Contex IQ technology

Contex Custom Dual Diffusion CIS

Contex IQ scanners use the latest in high quality CIS modules with Contex Dual Diffusion. This combined with xDTR, CFR and Sigma provides the best quality CIS scans in the market.

Contex IQ models are designed for line drawings, maps and other technical documents.

Color Fringing is a natural consequence of CIS technology sequentially flashing R-G-B. Contex patented CFR removes this problem with advanced filter technology

IQ 2490 comes standard with highspeed Ethernet-

Contex scanners use X-Rite i1Profiles for professional color results
